Winston Wächter Fine Art is proud to announce our ninth solo exhibition with internationally acclaimed artist Betsy Eby. In *Mystics*, Eby shares the canvases in which she has taken refuge over the past, uncertain and tumultuous months. Art can be a haven, a powerful pathway to peace, and Eby's gentle, fluttering strokes remind us that there is quiet to be found within these cultural storms.

Eby states, "During times of unrest, the job of the artist becomes more clear. It's up to the makers of things to keep imagination alive. My work has never been political, or story driven, instead each piece is an environment into which we can lose ourselves."

Betsy Eby has been exhibited widely across the United States and her works are held in the collections of the Tacoma Art Museum, Tacoma, WA, the Columbus Museum, Columbus, GA, the Georgia Museum of Art, Athens, GA, and several United States Embassies around the world. Eby shares her time between Georgia and Maine, where she holds studios with her husband and painter Bo Bartlett.
